

Enrollment and Financial Aid Automation Solution

Education Partners' software solutions have helped over 750,000 students and processed over \$3 Billion in financial aid to date.

ENROLLMENT ACCELERATION

Provide Scale and Speed

- Automate document collection, review and processing
- Utilize intuitive self-service applications, dynamic forms and workflows
- Forecast using real-time dashboard reporting functionality

Improve your Student Experience

- Online, mobile friendly student self-service portals, accessible 24/7
- Step-by-step tutorials, electronic signatures and dynamic forms
- Flexible Net Price Calculator tool that exceeds Federal requirements

Remove Complexity and Variability

- Reduce variation with process standardization across departments
- Eliminate redundancies by offering complete process visibility
- Minimize student frustration by providing a simple, consistent process

FINANCIAL AID SIMPLIFICATION

Provide Visibility and Accountability

- Reporting that allows for dynamic visibility of student progress, financial aid associate performance, award disbursements and monthly reconciliations
- Real-time management dashboard reporting to monitor administrative process ownership and timeliness

Minimize Compliance Risk

- Online student portals, dynamic forms, e-signatures, built-in workflows
- Automated timely and accurate R2T4 and PWD calculations
- Automated data share with school SIS and COD

Improve Cash Flow

- Automated Student Aid Internet Gateway (SAIG) Mailbox Manager
- Automated origination, disbursement and management of TIV funds
- Automated document review and ISIR comparison tool
